A LEADER PASSES. A LEGACY IS BORN.

This year's catalog is dedicated to the memory of Martin Tuason, our beloved President and CEO, whose unexpected passing in November 2025 left a deep void in the Armscor and Rock Island Armory family.

Martin was more than a visionary leader. He was the living embodiment of the values that have defined our company for generations: integrity, respect, service, and craftsmanship.

Under his leadership, Armscor has grown into a top ten firearms manufacturers in the world, expanding our global reach while staying true to the family legacy his grandfather began over 70 years ago. Martin's influence endures in every product we make and every person he inspired, and we move forward guided by the same principles he championed so passionately.

STRONG, STABLE AND FOCUSED

This past year, we faced an immeasurable loss with the passing of my brother, Martin Tuason. For our family and for so many of you, Martin was more than a leader. He was a visionary, a steady hand, and a true believer in the power of doing things the right way. He loved this company deeply and led it with purpose, integrity, and heart.

Martin and I shared not just a family bond, but a belief in the legacy our family has built since 1905. A legacy rooted in craftsmanship, loyalty, and trust. As I step into this role, I do so with a deep sense of responsibility and respect for what Martin stood for and what we've built together.

Rock Island Armory will remain strong, stable, and focused. Our leadership team is united, our mission is clear, and our commitment to our customers, partners, and employees is unwavering.

Martin always believed that our future should be shaped by those who carry the same values forward. I am committed to honoring his vision by continuing to grow our company the right way. That means investing in quality, standing behind every product, and supporting the community that has helped us thrive for generations.

Thank you for your continued trust in us. We carry Martin's spirit with us every day, and we look ahead with confidence, purpose, and pride.

With gratitude,

Lisa Tuason
CEO – US Operations
Armscor / Rock Island Armory

GI SERIES

SIMPLE, RELIABLE AND DURABLE.

DURABLE 70 SERIES DESIGN.

The GI series provides a wide range of options in caliber, finish and size, making it one of our most versatile and durable options at a price that welcomes the budget of any prospective 1911 buyer. The frame and slide are built from 4140 steel and include button rifled barrels. Plus, each pistol is hand fitted and inspected to strict tolerances.

ROCK SERIES

SHOOT SMART. SHOOT A ROCK.

ROCK ISLAND ARMORY'S MOST WELL OPTIONED LINE OF 1911 PISTOL BUILT IN THE TRADITIONAL 70 SERIES DESIGN.

Bells? Check. Whistles? Check. The Rock Series is our most well-optioned line of 1911s. Upgraded rear sights. Skeletonized hammers and triggers and more. Get the idea? Then get a Rock.

The Rock series is built in the traditional 70 series design with the addition of next level upgrades. Like all Rock Island 1911s, each is built using 4140 ordnance steel on the industry's best CNC machines while being hand-fitted and tested to strict tolerance guidelines for unmatched quality and value.

Caliber choices include 45acp, 10mm, 40 S&W and 9mm. Each Rock series 1911 includes upgraded rear sights with front sight options depending on model choice. Skeletonized hammers and triggers with adjustable over travel stop are offered on every model along, with ambidextrous safety on all with the exception of CCO (51857) and CS-L (51585). Combine this with multiple choices in size and you have one of the most versatile 1911 designs you can buy.

PRO SERIES

MATCH-CLASS PERFORMANCE.
NO GUNSMITH REQUIRED.

PERFORM AT COMPETITION LEVEL RIGHT OUT OF THE BOX.

The master gunsmiths of the Medallion shop deliver a perfectly harmonized match class 1911 straight to your dealer ready for competition and without the risk of time and error.

The popular Pro Match Series is the product of decades of 1911 knowledge and mastery into the Medallion shop. Many who purchase a 1911 - in any form, look for a local or national gunsmith to perform the finishing touches on their factory pistol to turn it into a match class race gun.

This takes time, incurs uncertain cost and voids any warranty. With thousands of Rock quality frames, slides and parts to choose from, the Medallion shop master gunsmiths have a distinct advantage in being able to marry and tune the best components that will perform with total perfection. This series includes caliber choices of 45 ACP, 40 S&W, 10mm and 9mm.

IF YOUR HOME IS YOUR CASTLE, THEN TCM STANDS FOR "THIS CASTLE'S MINE."

When choosing a firearm for home defense, think about what matters. Accuracy. Light recoil. Ease of use. Velocity. The TCM checks all those boxes and is so easy to handle, anyone in the family can use it. Each TCM model comes with a high capacity 17-round magazine and fires our proprietary 22TCM round, which has been reimagined in full nickel for improved performance.

XT SERIES

A 1911 MAGNUM? BELIEVE IT; IT'S REAL.

THE XT SERIES DELIVERS. TRY IT TO BELIEVE IT.

Go from basic to badass with Rock Island Armory's XT series. We took its original one-caliber design and cranked it up to a well-optioned, high quality, multi-caliber force to be reckoned with.

The XT series is engineered with a pinned solid state barrel design and delayed blow back slide that rivals accuracy. The 22MAG series is backed by Rock Island Armory's closely managed and hand-fitted quality process.

Need extra? Get XTra.

BBR SERIES

NO NONSENSE 1911'S PACKED INTO
A TRUE COMPACT.

DON'T LET THE SIZE FOOL YOU.

What does decades building the world's most reliable, well-optioned, no-nonsense 1911s looked like? The answer is a 51912 BBR Standard. Since then, it has expanded into our full lineup of concealed-carry options known as the “Baby Rock” series.

While engineered for carry and storage in the smallest form, the Baby Rock series is built with all the right options for a functional personal defense firearm. It's caliber choices include 45ACP, 380ACP and 9mm with capacities of 7, 8 and 10. It's all backed by our steadfast hands-on quality control.

Don't let the name fool you. This is no baby.

STK SERIES

THE STRIKER-FIRED PISTOL
FOR 1911 LOVERS.

STRIKER-FIRED PISTOL FANS, REJOICE.

The STK Series is turning heads among striker-fired pistol fans. Equipped with aluminum frames and grips that add enough weight to reduce felt recoil, but are still light weight and comfortable enough to carry all day.

Chambered in 9MM with a 17-round capacity. And featuring grips angled like a 1911 to give you greater control. The STK Series gives you all the advantages of metal, for the price of polymer.
