

A RIGHT HISTORY AND WE OWE IT ALL TO YOU

We've been around for a long time. That wouldn't be possible without **GOOD PRODUCTS** and a **LOYAL CUSTOMER BASE**.
Thanks for supporting us and pushing us to **ALWAYS BE BETTER**.

General merchandise store purchased by **ARTHUR HILEMAN**, an ex US hospital corpsman. **SQUIRES, BINGHAM & CO.** is renamed "Sportsmen's Headquarters".

1930

Don Celso Tuason purchases **SPORTSMAN'S HEADQUARTERS**.

1941

During **WORLD WAR II** the company was forced to focus on its clothing and haberdashery business.

1942

In postwar Philippines, **DON CELSO TUASON** obtains the first license in his country to begin firearm and ammunition manufacturing.

1952

Don Celso turns over control of the company to his three sons: **BOLO, BUTCH, CONCOY**.

1965

Squires Bingham Manufacturing Inc. is reorganized and becomes **ARMS CORPORATION OF THE PHILIPPINES (ARMSCOR)**.

1980

ARMSCOR PRECISION INTERNATIONAL opens its first office in the US.

1985

Armscor acquires the **ROCK ISLAND ARMORY** brand

1999

Armscor becomes a **REGISTERED TRADEMARK**.

2009

Armscor sponsors world champion shooter, **JJ RACAZA**.

2012

Professional shooter and television personality, **MIKE SEEKLANDER**, joins Team **ARMSCOR**

2013

Armscor awarded with the **ISO 9001: SERIES OF 2000 RATING**.

2000

Armscor opens brand new production facilities in **STEVENSVILLE, MONTANA**.

2011

Plans in place for **DEMETRIO TUASON** to turn over full control of the company to his son, **MARTIN TUASON**.

2012

Armscor the second manufacturer awarded the **ISO 9001 CERTIFICATION**.

1997

DEMETRIO "BOLO" TUASON is named Chairman and President of the new company.

1980

The company is renamed **SQUIRES BINGHAM MANUFACTURING INC.**

1952

IT'S IN OUR DNA

Some things you just know are a part of who you are. For us, that's manufacturing the best in guns and ammo...for people like you. People who share the passion for shooting and self defense.

We fill that passion with high quality — high value firearms and ammunition. All designed and engineered to meet the need in your DNA.

Tell us what's in your DNA at
www.ShootingDNA.com

GET TO KNOW YOUR GUN. INSIDE AND OUT.

Gun lovers want their specs. If that describes you, wait till you feast your eyes on our new spec sheets. There's a sneak peek below. Each gun has its own sheet and is loaded with all the facts. But don't stop there. Be sure to watch video clips of your favorite gun firing from every angle.

You said you wanted more info and here it is. Remember, everyone can shoot. And the more you know about our products, the more you'll want to make Armscor and Rock Island Armory a part of your collection.

TEAM ARMSCOR

WHEN **PERFORMANCE** MATTERS,
SO DOES YOUR **CHOICE** OF **GUNS.**

MEET TEAM ARMSCOR. These are not your everyday shooters. They're some of the **TOP SHOOTERS IN THE WORLD** and they all have one thing in common: **ARMSCOR.** And we're proud they've chosen us to help them take the sport of **COMPETITIVE SHOOTING** to the next level. Get to know greatness. It's part of our **COMMITMENT** to making each and every one of you a better shooter.

ERIC GRAUFFEL

At age 30, Eric is the world champ of competitive speed shooting. His dedication to the sport has been with him since his first year of competition at the age of 10.

As a member of Team Armscor, Eric is a top tier shooter in championship matches throughout the world. Last year alone, Eric ranked #1 in over 9 World Class competitions including Armscor's own 12th Annual Bolo Cup.

A perfectionist, Eric uses Armscor ammo as his choice round for practices. He figures he's gone through over 3 million rounds since 1995.

MIKE SEEKLANDER

Mike Seeklander's extensive military and law enforcement background gives him an edge that not many others have. As one of the few ranked grandmasters (the highest rank obtainable) by the United States Practical Shooting Association, Mike's experience is unique to most shooters in the field.

Seeklander is a top placer in almost every practical handgun competition circuit and holds more than a dozen titles at major competitions including top 5 finishes at the U.S. Nationals, The World Speed Shooting Championships and the NRA Action Pistol Championships.

Mike endorses Armscor ammunition and Rock Island Firearms for self defense and competition, specifically the 1911 Match Series.

JJ RACAZA

He's only one of the most accomplished shooters on the planet. The most recent feather in his cap is for leading Team USA to the Gold in the IPSC World Shoot and placing second overall.

JJ's career as a pro arguably began at the age of 6. By the time he was 13, JJ was already considered a rock star in the competitive shooting industry in his native Philippines.

Armscor is proud to have JJ and his competitive spirit at the forefront of the Team.

JETHRO DIONISIO

Jethro "The Jet" is a six-time world champion pistol shooter. Before he turned 20, he already claimed his first national and international titles.

He's one of the most decorated world shooters and one of the only people to have won the World Shoot-Off Championship more than twice.

Jethro is an advocate of Armscor ammo and Rock Island firearms and continues to compete on a regular basis.

ATHENA LEE

Athena Lee was born and raised in the Philippines and was introduced to guns as a competitive sport at an early age. By the early 90's Athena found her calling and began shooting competitively. In 1999 Athena won her first IPSC World Women's Open Championship.

In 2008 Athena won the IPSC World Women's Open Championship and gold medaled as a member of the Women's World USA Team at the same event. She also helped the Women's World USA Team win the Team Gold at the World Shoot in Greece.

Athena is one of the original instructors for Babes with Bullets and now acts as the Director of Communications where she helps with marketing and social media.

WINNING

IT'S IN OUR DNA

I'm Mike Seeklander. As a nationally ranked shooter and instructor, I know what I like.

I only use guns I trust and fit my style of shooting. Like the target grade Rock Island Armory 1911 Match. It is a competition gun right out of the box. It's equipped with adjustable rear sights and fiber-optic front sights. And it has an extended beavertail for safety and accuracy.

I need a gun that won't let me down when it's time to pull the trigger. Looks like I found it.

Shooting. It's in my DNA.
